Team Approach to Foodborne Outbreak Response (PER-298)

This course identifies how the skills, resources and expertise of all levels of government can be effectively connected to improve collaboration during a foodborne outbreak within an integrated national food safety system. The course provides an overview of how participants fit within the National Response Framework (NRF) and shares strategies for how participants can leverage resources at all levels of government to build and maintain outbreak investigation and response capabilities.

Professional Disciplines: Public Health, Healthcare, Public Works

The target audience for the Direct Delivery version of this course includes:
• Sanitarians
• Environmental health inspectors
• Epidemiologists
• Public health nurses
• Educators
• Laboratorians
