Emergency Response to Domestic Biological Incidents

Facility Requirements (Host Provided)

- 40-person classroom (for 30 participants plus instructional support personnel), environmentally controlled (heating, ventilation, and air conditioning [HVAC]); preferably with round or rectangular tables allowing class participants to work in groups (not an auditorium with fixed seating)
- Three additional tables for display materials and as a projector surface
- Audiovisual equipment: projection screen or area in classroom for projection
- Eight power outlets in the classroom for audiovisual components and computers used by the instructional support personnel and participants during the course
- Instructor access the day before course’s start date for classroom setup
- Adequate participant and instructor parking
